Welcome Message

United Scientific Group takes great pleasure in inviting you to participate at the **International Conference on Vaccines Research & Development** during **November 02-04, 2015** in **Baltimore, USA (Vaccines R&D-2015)**.

International Conference on Vaccines Research & Development provide high quality current reports of scientific progress and best practices featured in both invited presentations and submitted oral abstracts and posters. The conference is designed to encourage the exchange of ideas across a broad range of disciplines.

We will make this conference a high-level scientific event that will be of great value to all. The Scientific Organizing Committee is preparing an inspiring program that will address new trends and emerging subjects in the field of vaccine research, highlighting recent breakthrough and controversial aspects in basic clinical research and infectious diseases.

The three-day conference will feature important presentations by a wide range of expert speakers and decision and policy makers, scientific leaders from around the world who will assemble in Baltimore with the common objective of engaging stakeholders to expand and improve immunization coverage throughout the globe.

We look forward to welcoming participants from all over the world to the sparkling city of Baltimore and are highly optimistic of making this event a cherishable experience for our participants and collaborators.

Best Wishes

Vaccines R&D-2015 Scientific Committee

Vaccines R&D-2015

According to the WHO vaccines will have high significant impact on the further evolution of the epidemic in any scenario, from best case to worst case. WHO says testing for Ebola Vaccines starts soon. It says it plans to begin safety trails in January and hopes to produce one million doses in 2015 with 2,50,000 available for board application in clinical trials by May.

The two most advanced vaccines in terms of development is each undergoing testing in about 250 healthy adult volunteers in the United States and other countries outside the outbreak region.

With the theme “*A New Era in Vaccines Discovery*”; International Conference on Vaccines Research & Development promises to gather the leaders from all across the globe to discuss the major advancements and challenges in the field for the better future of patients suffering from various diseases.

Web: www.unitedscientificgroup.com; Email: vaccines@uniscigroup.org; contact@uniscigroup.net

Conference topics

- Basic vaccinology
- Influenza vaccines/virus
- Ebola outbreak
- Vaccines discovery, development and formulation
- Noval vaccines
- New vaccine adjuvants
- Clinical trails
- Emerging infectious diseases
- Passive vaccines-therapeutic antibodies against infectious diseases
- HIV/AIDS vaccines
- Immunoinformatics
- Cancer vaccines
- HPV vaccines
- Therapeutic vaccination for auto immune diseases

Important Dates

- Conference Dates: *November 02-04, 2015*
- Abstract Submission opens: *November 24, 2014*
- Registrations opens: *December 08, 2014*
- Registrations end: *October 16, 2015*
- On-spot registrations: *November 02, 2015*

Mark your presence and meet your peers !

Here are the top four reasons not to miss this meeting.

1. Discover new and cutting-edge research

Gain insight about the latest trends in science and enhance your knowledge beyond your scientific field of interest. With a robust scientific program, this is a new path that links and organizes select sessions from the scientific program into cross-disciplinary themes.

2. Unparalleled visibility for your science

The conference draws together both luminaries in their fields and up-and-coming talent. With participants ranging from students to academics to policy makers, there are plenty of opportunities to seek out funding for new research and get quality feedback before publishing your research in a peer-reviewed journal.

3. Network with your peers

The meeting offers unlimited opportunities to network with your colleagues from diverse backgrounds and regions. Kick off the meeting with your peers at the opening ice breaker reception and connect with people who specialize in your field during daily networking breaks.

4. Advance your career

The meeting can help advance your career and increase your worth to potential employers.

Special Features

- *Panel discussions*
- *Interactive poster session*
- *Cross-disciplines*
- *Collaborations*
- *Mentoring from senior faculty*
- *Networking during customized social hours*

Registration

All participants, except non-attending co-authors, must pay the appropriate registration fee.

Category	Business	Academia	Student
<i>Oral Presentation</i>	\$799	\$799	\$499
<i>Poster Presentation</i>	\$599	\$599	\$499
<i>Delegate</i>	\$699	\$699	\$499
<i>Early Bird</i>	\$599	\$599	\$299
<i>Accommodation</i>	<i>Single Occupancy</i>	<i>Double Occupancy</i>	<i>Triple Occupancy</i>
<i>November 01-03, 2015</i>	\$450	\$495	\$540

Your registration includes:

- *Access to main conference sessions, exhibits, poster sessions and round table discussions*
- *Conference material*
- *Tea / Coffee breaks, lunch during the conference days*
- *Reception*

Sponsors and Exhibitors

International Conference on Vaccines Research & Development gives an opportunity to be a sponsor for the conference. There are different levels of sponsorship available, as well as individual items available for sponsorship. Recognition will be given to each sponsor on the preliminary program conference website, at the event (in respective sessions or areas), on signage, in pre-conference marketing materials, and on the conference proceedings. This is a great opportunity to highlight your organization in front of an enormous gathering of potential students, academicians, researchers and industrial experts.

Premium Sponsorship Packages

Platinum	\$10000 and up
Gold	\$7500-\$9999
Silver	\$5000-\$7499
Bronze	\$3000-\$4999
Supporting Sponsors	\$500-\$999
Exhibitor Booth	\$2000 and up

Registration Sponsorships

Tote Bags	\$3000
Lanyards	\$2000

Hospitality Sponsorships

Opening/Welcome Reception	\$7500 and up
Formal Dinner or Reception	\$6000 and up
Lunch	\$4500 per day
Coffee Breaks	\$1500 per day

Custom Sponsorships

Conference eBriefing	\$3000
Poster Session	\$2000
Travel Scholarships	Starting at \$5000

UNITED SCIENTIFIC GROUP

United Scientific Group (USG) is an expert-driven initiative to:

1. Identify and bridge the gap in knowledge by creating and implementing new scientific and technology specific platforms, forums and products to discuss bottle-neck issues and the recent research advances which need to be addressed and updated.
2. Publish and promulgate the innovative/noble research findings with an ethical and stringent review process to make a step-change in the fields of science and technology.
3. Partner with an objective to bridge the gap between business and science for the translation of scientific discoveries and innovative thoughts into implementable solutions and products which benefit humankind.

Led by the editor's association and the advisory board which includes academicians, researchers, and industry leaders, the USG team is committed to work together and create a network which delivers the best scientific solutions and contributes the best services to the scientific community.

USG Consultancy Services

To deliver the best scientific solutions

Foster collaborations with our potential clients to deliver the best solutions which can be deployed, accepted, and sustained in the fields of science, healthcare, pharma and medicine.

USG Scientific and Technology Events

Platform to present, share and network

Identifying and filling gaps in knowledge by creating and implementing new scientific and technology platforms that can accelerate research in support of goals, and investing in potentially transformative ideas in the fields of science, medicine and technology

USG Publishing

Innovative Science Delivered-As it happens

Publishing and promulgating the innovative research findings with ethical and stringent review process to make a step-change in the fields of science, medicine, engineering and technology.

USG World Forums

Great Ideas form thought leaders

Development of forums with creative minds across the world and form diverse fields including scientists, researchers, academicians, policy makers, business leaders discussing the define areas of urgent need and bottle-neck issues which need to be addressed internationally.
